Memorandum for: Director of Security

Subject : Clearance of Communications Personnel for High  
Priority Projects

1. The Office of Communications has been requested to provide support for two high priority projects. This support requires the Director of Communications to provide approximately 111 Communications personnel. ....
2. In order to staff these projects permanently and release detailed personnel urgently needed in other operations, the clearance time for Communications applicants should be reduced to an absolute minimum. ....
3. Your prompt cooperation in this matter will enable us to provide these high priority projects with the support required.
